RMA Golf Tourney Benefits Families First

The South Florida Risk Management Association hosted its second annual golf tournament on May 8, 2015 – benefitting Families First of Palm Beach County. Some 30 foursomes competed at one of the most outstanding golf courses in South Florida – Old Marsh Golf Club in Palm Beach Gardens. **Charity Golf Tournament attracted 112 golfers and raised over \$15,000 that went directly to Families First.**

The tournament not only helped Families First continue its mission of preventing child abuse and helping families gain self-sufficiency, but also brought attention to the 26-year-old organization's outstanding work in Palm Beach County. The organization serves more than 1,400 families, including some 2,500 children each year.

It is only through public-private partnerships such as this one with RMA that nonprofits such as Families First can continue to provide needed services in abuse prevention, health, and behavioral health to those in greatest needs. Businesses are coming to realize the benefits of supporting social services in order to create and maintain healthy communities. As Families First's tagline says Stronger Families – Stronger Communities.
