

Email Communication sent for October 26 Careers in Risk Management

The Risk Management Association presents: Careers in Risk Management in the Financial Sector

Please join Risk Management Association board members while they discuss the various careers in risk management they've chosen and the careers that are available. From credit risk to market risk, operational risk and enterprise risk, come and learn about the varied career paths the speakers have followed. Hear from senior employees of Canada's big banks as they share their perspectives on the skills that are most desirable in the risk management context and where they see big opportunities. Hear how the RMA can help you build your industry network and your risk management knowledge. Networking to follow.

Panelists

Helena Przybycien, Vice President, Enterprise Risk, Scotiabank

As VP Enterprise Risk, Helena's mandate covers recovery and resolution planning, enterprise risk reporting, credit risk analytics, loan loss provisioning and collective allowance determination and reporting, as well as various regulatory initiatives. Helena's prior Scotiabank experience includes positions in Global Transaction Banking, Canadian Commercial Credit, and Canadian Banking.

Tara Kennedy, Director, Global Equity Derivatives, Automated Trading Strategies, TD Securities

Tara is an equity and derivatives trader with TD Securities within the Automated Trading Strategies group. She is responsible for the research, execution and risk management of trading strategies while maintaining current and proficient knowledge of market structure and IIROC regulations. Tara is also a Registered Trader on the TSX and Market Maker on Alpha, CSE, TSX Venture and Nasdaq CXC marketplaces.

Helen Taylor, AVP, Head of Operational Risk Management at TD North American Credit Cards, TD

Helen is accountable for building a North American operational risk management function in the Credit Cards business within TD Bank and for overseeing the implementation of the Enterprise Operational Risk Management Framework within the segment. Helen is also President of the RMA Toronto.

Ketan Shah, Senior Manager, Risk Capital Assessment, Risk Management, TD

Ketan's mandate covers risk identification and assessment, scenario generation and oversight of variable development for the enterprise-wide stress testing program. He is also responsible for oversight of subsidiary internal capital adequacy assessment and stress testing. Ketan is also the Co-Chair of the RMA Young Professionals Toronto.

Evgeny Laskaev, Analyst, Governance & Operations – Enterprise Risk, RBC

Evgeny's role involves management of RBC's Group Risk Management team's operational risk events and enhancement of Regulatory Compliance Management Program. Prior to joining RBC, Evgeny attended Goodman School of Business (Brock University), completing Bachelors of Business Administration, with two co-op placements at BlackBerry and Ontario Ministry of Finance. Evgeny has also recently completed CFA Level III.

Richard Chan, Associate, Credit Adjudications, Capital Markets Risk Management, CIBC

Richard is responsible for the review and approval of credit deals underwritten by Corporate Banking and structured by the Trade Floor. Prior to joining CIBC, Richard worked at BMO in their wealth management division. Richard holds a Master of Finance from Smith School of Business, Queens and a Bachelor's of Science degree from University of Toronto.

About RMA

Founded in 1914, The Risk Management Association (RMA) is a not-for-profit, member-driven professional association, whose sole purpose is to advance the use of sound risk principles in the financial services industry. RMA promotes an enterprise approach to risk management that focuses on credit risk, market risk, and operational risk.
